

Hello.

I write to recommend Addison Reeves for employment with your organization. During Addison's time at Kanopi, Addison reported to me, and we worked very closely together. I have been consistently impressed with Addison's attention to detail and willingness to help wherever possible. I believe he would be a solid asset to any team and given another chance to work with him again, I absolutely would.

Addison is both very nimble and quite motivated. I am confident that he will devote himself to a position with your organization with a high degree of flexibility and determination. He is a quick learner and has shown the ability to jump right into detailed processes across our department, asking all the right questions as he absorbs key information, and taking ownership of follow-up and follow-through as needed.

I recommend Addison Reeves without reservation. Please let me know if you need additional information about his role and time at Kanopi as I am happy to discuss further if helpful.

Sincerely,
